

EARTH DAY SUCCESS AT NHS

We wanted to send out a huge thank you to everyone- parents, teachers, students and community members- all of whom made Earth Day a successful and meaningful day at North Hampton School. So many creative and important activities took place throughout the day giving the kids a chance to be part of the global action of caring for our planet.

We would also like to recognize and express great gratitude to

Charles Hugo Landscape Design.

Without his efforts and kind donations our beautiful landscaping project at the front of the school would never have happened. He and his crew put in 2 days of labor and use of heavy equipment at no charge. Chuck also went out and got donations and reduced rate planting for this project. His efforts went above and beyond anything we could have asked for. His crew also rose wonderfully to the challenge of creating an organized and effective project for all the hard working 7th and 8th grade students.

Also needing to be recognized are the following businesses for their contributions:

Rolling Green Nursery: Donation of two Hawthorn trees

Stratham Circle Nursery: Provided Three Maples, one Hawthorn, one Tupelo tree and compost at discounted rate

Pleasant View Nursery: Provided 300 perennials at discounted rate, scheduled special order for on time delivery

Landcare: Provided 4 yrds 1/2" peastone for edge detail at discounted rate

Finally, thank you very much to the individual monetary contributions made by parents and community members toward this project.

Thanks again to all-

PAL and Brenda Tharp and the 7th grade Earth Day student organization team
